I have worked with Radio Advertising Inc. for over four years and am thrilled with the results! We have created a very significant and steady revenue stream using otherwise unsold inventory. In addition, they are extremely responsive to any issues and are a pleasure to work with. If you are looking for ways to increase station revenue, I would highly recommend working with them.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brian Spinelli", with a long horizontal flourish extending to the right.
